

Dear Rehaan ,

Congratulations, we have assessed your project

GO-0000012741 implementation of Lean Manufacturing in the diamond industry and it has been awarded a CREST Gold Award.

Your assessor's feedback:

- You have produced a clear and informative project which is well structured and presentation being of a high standard, enhanced by the inclusion of relevant graphics. The project evidences that learning has taken place and that you have a sound grasp of the subject matter. Evidence is weaker for the more 'generic' criterion such as project planning/time management etc but it is clear that you have worked very hard in producing a project of which you can be justly proud. Congratulations on achieving the Gold CREST Award. Well Done!!
